About our College:

Vemu Institute of Technology has been started in Chittoor District by an eminent educationist cum philanthropist- Dr. K.C. Naidu, retired Professor of Andhra University with excellent infrastructural facilities catering to the educational needs of rural and semi-urban students. VEMU is one of the few ISO 9001-2015 certified premier Engineering/Management colleges in the Rayalaseema region of A.P. (located in the Chittoor – Tirupati Highway) approved by AICTE and affiliated to JNTUA. Our college is accredited with A-Grade by Department of Technical Education, Govt. of AP., which is key performance indicator of our college in the year 2016 and accredited by NAAC in the year 2017.Vemu offers B.Tech programs in 5 disciplines viz, ECE, EEE, ME, CE, CSE and PG Programmes - MBA & M.Tech. The college is established in a serene atmosphere of 16 acres sprawling campus facilitated with spacious classrooms, modern laboratories, computer systems, seminar halls and e-training rooms, an exclusive well furnished placement cell with GD Rooms and Interview chambers and a huge library with 40,000 volumes.

About the Mechanical Engineering Department:

The department offers B. Tech. in Mechanical Engineering, and M. Tech in Machine Design. The department has highly qualified faculty members, state of art laboratories and infrastructure. Continuing Education.

programs and customized training/ workshops are being organized by industry personnel on regular basis. Students of the department are actively involved in various extracurricular activities and extension activities. It also gives the participants ample opportunity for exchanging the views and sharing Knowledge with wide spectrum of students. The department adopts innovative teaching methods to make learning more effective and effective instructional materials are provided to make the academics interesting.

About APSSDC (Andrha Pradesh State Skill Development Corporation) :

APSSDC is a unique organization formed as a Public Private Partnership (PPP) corporation to promote skill development & entrepreneurship in the state of Andhra Pradesh. The Corporation is incorporated as a Section-8 company (not-for-profit) with a private equity component of 51% and 49% by Govt. of AP. APSSDC will be staffed with best of talent in this sector & will partner with leading training providers & industry to carry out the training programmes. It aims to develop a best-in-class learning management system and placement and tracking mechanism. Ultimately, it aims to be among the best training provider organizations in the world. Some unique & best of class training programmes like Siemens Centres of Excellence Clusters, Capital Area Skilling, Train the Trainer, etc. are part of the whole gamut of trainings to be offered at different levels.

GUIDELINES:

- ✓ All II-Year B.Tech Mechanical Students of Department of Mechanical Engineering, Vemu Institute of Technology should attend to this workshop .
- ✓ Participants have to take the test after completion of the workshop.

An Online Workshop

MECHANICAL COMPONENTS DRAFTING BY AUTOCAD

(12-05-2021 to 29-05-2021)

The Department of ME, Vemu IT in association with Andhra Pradesh Skill Development Corporation (APSSDC), Vijayawada, has organizing an Online workshop on "**MECHANICAL COMPONENTS DRAFTING BY AUTOCAD**" from 12th May, 2021 to 29th May, 2021 for the II B.Tech students of Mechanical Engineering to enhance the knowledge regarding drafting by AUTOCAD by Mrs. Venna Vijaya Kumar, Mr. K. Siva Mohan Reddy, Trainers, APSSDC, Vijayawada. This program was organized by Dr. K.V.N.V.N Rao, Head of the Department with the convener Mr. K. Hema Mahesh Babu, Assistant Professor, and the Co-convener of program Mr. M.Venkatesulu, Assistant Professor in the ME Department. The program was held on **online mode** for all theory sessions and practical sessions. The total program is successfully completed with the cooperation of each and every faculty member of the department and student participants.

The outcomes of the workshop are:

1) Students can able to draw and edit digital 2D designs more quickly.
2) Students can able to know the concepts to develop and construct accurate 2D geometry through creation of basic geometric constructions.
