From
Dr. S. MuniRathnam,
The Head of the Department,
Dept. of ECE
VEMU Institute of Technology.

To
Managing Director
Technotran Electronic Solutions,
Nellore.

Dear Sir,

Sub: Requisition for conducting Workshop on "PCB Design" - Reg.

I would like to take this opportunity to extend you an invitation to serve as a resource person for two-day workshop to increase the technical skills of the students in our college.

I request you to plan the event on 22-07-2019 to 23-07-2019and Please confirm your acceptance by post or phone call. Your acceptance will greatly help to improve the basic knowledge of our Students.

With regards,

Yours sincerely,

(Dr. S. MuniRathnam)

Report-On

A Two-Day Workshop on

PCB DESIGN & FABRICATION

Date: 22-07-2019 to 23-07-2019

The workshop on PCB Design conducted on 22nd & 23rd July 2019 with the introduction of Mr.R.Vikas Reddy, Managing Director, Technotran Electronic Solutions, Nellore.

This program was organized by Dr,S.MuniRathnam, Head of the department with the co-ordination of Mrs.Jayasree, Associate Professor, ECE Department.

The course was run for Two-day on 22-07-2019 to 23-07-2019 witha total duration of 6 hours. One thirty-three students from second year ECE were benefitted from the PCB Designprogram. The program was held in ECE Seminar hall for theory sessions and practicals were conducted in DSP Lab.

During this one-day workshop the resource person have given an excellent output on PCB Design.By providing ID and password for the students for registration purpose. This workshop aimed to gain the knowledge on PCB Design. More emphasis was given to hands-on (practical) sessions for better understanding of the students.

During this program (Day 1) covered introduction of PCB Design, ,Importance of PCB Design, designing steps, salient features of this platform and Performance of PCB design for different circuit on the systemDuring this program (Day 2) coveredRegistration process ,Performance of PCB design for different circuit on the system and intelligent live feedback and provided online practice by giving few exercises.

The Mr.R.Vikas Reddy concluded the workshop successfully by boosting confidence levels of each and every student for future attempts of improving career prospects. We have observed that this program can be useful to improve our technical skills without guide. PCB Designis the most innovative technical skilling platform for creating a circuit board to design different circuits on PCB.

The total program is successfully completed with the cooperation of each and every faculty member of theDepartment and student participants.
